

Are you a cancer MDT Coordinator, Facilitator, or have responsibility for coordinating cancer MDT meetings?

The **National MDT Coordinator Network** has been established to support you in your role

#### **What is the National MDT Coordinator Network?**

- We are a peer support network for cancer MDT Coordinators in England (currently with over 300 members), facilitated by the NHS Cancer Programme, who communicate and meet regularly to share learning, facilitate best practice, and address challenges as a group

#### **What can I gain from joining?**

- Peer support and an opportunity to meet other MDT Coordinators from across the country
- A space to ask questions and find solutions for shared problems
- The opportunity to participate in share and learn sessions, showcase what works well, and help to facilitate change
- The opportunity to attend national MDT Coordinator conferences and education and development events

To join the network, please email [england.cancerperformance@nhs.net](mailto:england.cancerperformance@nhs.net) or visit [www.future.nhs.uk/NationalCancerServicesNetworks](http://www.future.nhs.uk/NationalCancerServicesNetworks) and request access
